

THET MIN HTIN

Edinburgh · +447774414980 · www.thet-min-htin.dev · linkedin.com/in/thet-min-htin/

Passionate and determined computing graduate with a Master degree (awarded with a medal for outstanding academic performance) and over 2 years of front-end web development experience, primarily using ReactJS. Previously achieved a 2:1 with Honours in BSc Computing. Currently working as a chef while actively pursuing a full-time career in tech. Known for strong communication and resilience under pressure. Always excited to collaborate, learn, and build.

PROFESSIONAL EXPERIENCE

Junior Front-End Developer

BEYOND BRANDS, REMOTE

2020 – 2021

- Helped in creating an influencer marketing app for a startup company.
- Worked with both senior backend (NestJS) and frontend developers on integration.
- Built responsive interfaces using ReactJS (CRA) and Ant Design.

CHEF

The Conan Doyle Pub, Edinburgh

2021– Present

- Oversee the daily kitchen activities, including cooking, plating, and allergen management.
- Upheld high standards when under pressure and provided timely service.
- Demonstrated strong leadership, communication, and time management skills.
- Gained experience in managing a quick-paced, team-oriented environment — transferable to tech team management.

PROJECTS HISTORY

Photo Gallery (gallery-mojo.)

[GitHub Repo](#) | [Live](#)

- Collaborative project built with a friend, focused on creating a responsive and interactive photo gallery web app.
- Users can view, store, and download high-quality images.
- Developed using Create React App (CRA) with Pexels API for image sourcing.
- Integrated Firebase for backend services and Redux Toolkit (RTK) for state management.e.

Movie Store App (mimashou-101)

[GitHub Repo](#) | [Live](#)

- Built with ReactJS, Firebase, and Chakra UI.
- Allows users to store favorite movies using TMDB API.
- Utilized “useContext” for state management and dynamic user interaction.
